

9th INTERNATIONAL CONFERENCE Ghent, Belgium

2 Sep pm: Seminar: Freeze Dry Fundamentals
3 Sep am: Process Development / QbD / PAT
3-6 Sep: Conference, Exhibits, Posters

Dear Lyo Professional,

On behalf of the International Society for Lyophilization and Freeze-Drying (ISL-FD Inc.), I would like to cordially invite you to attend our 9th International Conference in Ghent, Belgium. We will have a weeklong event filled with presentations given by some of the leading academic and industrial researchers in lyophilization science. In addition to the Conference technical presentations, there will be a seminar, a workshop, student and professional posters, vendor exhibits, and plenty of time allotted during breaks and lunch for networking opportunities. We plan on visiting industrial facilities, touring the area's fine beer purveyors, and we will have a gala dinner as well.

ISL-FD is an all-volunteer, non-profit organization dedicated to promoting and advancing the field of lyophilization (lyophilisation). I hope to see you in Belgium!

Kevin. R Tebrinke, PE. President, ISL- FD Inc.

Our Conference will provide value for **Business, Science, Engineering, and Operations Leaders and Technicians** for those involved in the art and science of lyophilization:

- Freeze-drying process
- Cycle Development
- Optimization
- Product Modeling
- Quality by Design
- Infrastructure Design
- Process Chemistry
- Cells and Organisms
- Latest Concepts in Development
- Freeze Drying Equipment
- Regulatory Aspects and Compliance
- Medical Devices
- Sterile Manufacturing
- Pharmaceutical Production
- Engineering Considerations
- Measurements
- Formulation Chemistry

2 September: Seminar: Fundamentals of Freeze Drying and Formulation

14:00 – 17:00

Seminar leader: *Dr. Steven Nail*

This session is mainly dedicated to those professionals from the pharmaceutical industry involved who are newer to the industry. The one-day Freeze Drying Seminar will provide training and discussion of practical aspects, including Freeze Drying Basics, Equipment Design and Functionality, and Process and Machine Concepts

What does it include?

- ✓ Interactive Seminar Environment
- ✓ Related materials
- ✓ Internet connection into meeting room

3 September – Workshop: From drug to process development, QdD, PAT

8:30-11:30

Workshop leader: *Prof. Thomas De Beer*

This session will be of interest to those professionals who are experienced in the development process and wish to gain insight into advanced concepts and current thinking in the industry.

Main topics:

- ✓ Modeling of the process
- ✓ Scale up parameters
- ✓ Optimize the process
- ✓ Verification of the process
- ✓ How to satisfy the authorities
- ✓ Cases

What does it include?

- ✓ A morning of lecturing
- ✓ Workshop materials
- ✓ Internet connection into meeting room
- ✓ Morning coffee break
- ✓ Lunch

3 September: Conference, Exhibits, Poster Presentations

- 11:30 - 12:30 Registration & Welcome lunch
- 12:30 - 12:40 Kevin Tebrinke & Jos Corver. Symposium Introduction
- 12:40 - 13:20 KEYNOTE: Past, present, and future in lyophilization
Dr. Steven Nail, Baxter Biopharmaceuticals

SESSION 1. Formulation & Chemistry

- 13:25 – 13:50 Solid-state hydrogen deuterium exchange (ssHDX-MS) in the development of lyophilized protein formulations.
Prof. Elizabeth Topp, Purdue University
- 13:50 – 14:15 Understanding the freeze-concentrate in lyophilization of Mabs
Prof. Wolfgang Friess, Ludwig-Maximilians-Universität München
- 14:15 – 14:40 Freeze-drying of protein pharmaceuticals: use of information on component mixing for formulation and process development
Dr. Ken-ichi Izutsu, National Institute of Health Sciences
- 14:40 - 15:00 Panel discussion
- 15:00 - 15:30 Coffee & Networking break

3 September: Conference, Exhibits, Poster Presentations (continued)

SESSION 2. Biopharmaceuticals, biologics & medical applications

- 15:30 - 15:55 Preservation of biological activity during freeze drying – challenges and technological advances
Dr. Paul Matejtschuk, The National Institute for Biological Standards and Control
- 15:55 - 16:20 Freeze-drying: not just for injectables
Prof. Victoria Kett, Queen's University of Belfast
- 16:20 - 16:45 Lyophilized diagnostic reagent for cancer detection
Dr. Jorge Sassone, Proquimo Improvement
- 16:45 - 17:10 Physical events during cryopreservation: consequences on cells' post-thaw performance and on cryobiological protocols optimisation
Dr. Fernanda Fonseca, AgroParisTech INRA
- 17:10 - 17:30 Panel discussion
- 17:30 - 17:40 Kevin Tebrinke & Jos Corver. Day 1 wrap up

19:00 - ... ***Ghent & "Beer" tour***

4 September: Conference, Exhibits, Poster Presentations

8:15 - 8:20 Kevin Tebrinke & Jos Corver. Reflections on Day 1

SESSION 3. Process development, monitoring & scale-up

8:30 - 9:10 Keynote: Model-based tools in lyophilization of pharmaceuticals

Prof. Antonello Barresi, Politecnico di Torino

9:15 - 9:40 IoT PAT for Lyophilization

Prof. Alina Aleexenko, Purdue University

9:40 - 10:05 A QbD based model predictive control strategy of the dynamic primary drying settings for a batch freeze-drying process

Prof. Thomas De Beer, Ghent University

10:05 - 10:30 Using organic solvents in lyophilization, bulk substances and drug products

Dr. Yossi Shapira, Teva

10:30 - 10:50 Panel discussion

10:50 - 11:20 Coffee & Networking break

4 September: Conference, Exhibits, Poster Presentations (continued)

SESSION 4. Equipment & design & control

11:20 - 11:45 Electrical Impedance methods for developing a lyophilization cycle

Prof. Geoff Smith, De Montfort University

11:50 - 12:15 Freeze drying from organic co-solvent systems: thermal analysis and process design

Prof. Henning Gieseler, Friedrich Alexander University Erlangen-Nürnberg

12:20 - 12:45 Specificity of vaccine freeze-drying

Dr. Yves Mayeresse, GlaxoSmithKline

12:45 - 13:00 Panel discussion

13:00 - 13:15 Lunch box

13:15 - 14:00 *Visit to Pfizer's facilities*

5 September: Conference, Exhibits, Poster Presentations

SESSION 5. Competing technologies for lyophilization

8:30 - 9:10 Keynote. Challenges in continuous lyophilization

Ing. Jos Corver, RheaVita

9:15 - 9:40 From batch to continuous: the lyophilization of suspended vials for pharmaceuticals in unit doses

Prof. Roberto Pisano, Politecnico di Torino

9:45 - 10:10 Dynamic spray freeze-drying of pharmaceuticals: model validation and product characterization

Dr. Israel Borges Sebastiao, Pfizer

10:15 - 10:40 Active freeze-drying

André Hermsen, Hosokawa

10:45 - 11:00 Panel discussion

11:00 - 11:30 Coffee & Networking break

5 September: Conference, Exhibits, Poster Presentations (continued)***SESSION 6. Emerging technologies & process intensification***

11:30 - 11:55 Atmospheric freeze-drying of food products: practical modeling and quality assessment

Kyuya Nakagawa, Kyoto University

12:00 - 12:25 TO BE DEFINED

Justin Stanbro, Merck

12:30 - 12:55 *Speaker TBD*

12:55 - 13:15 Panel discussion

13:15 - 14:45 Lunch

5 September: Conference, Exhibits, Poster Presentations

SESSION 7. Sponsor and Industrial session

14:45 - 15:05 *Speaker TBD*

15:05 - 15:25 *Speaker TBD*

15:25 - 15:45 *Speaker TBD*

15:45 - 16:05 *Speaker TBD*

16:05 - 16:25 Panel discussion

16:25 - 16:30 Kevin Tebrinke & Jos Corver. Day 3 wrap up

18:30 - ... Gala dinner

6 September: Conference, Exhibits, Poster Presentations

8:20 - 8:30 Kevin Tebrinke & Jos Corver. Reflections on Day 4

8:30 - 9:10 KEYNOTE: Factory for the future / Personalized Medicines (TBD)

SESSION 8. Regulatory & PAT

9:15 - 9:40 Title TBD

Dr. Ali Afnan, Step Change Pharma

9:45 - 10:10 Title TBD

Byorkis Yañez, CECMED

10:15 - 10:40 Title TBD

Speaker TBD

10:40 - 10:55 Panel discussion

10:55 - 11:15 Coffee & Networking break

6 September: Conference, Exhibits, Poster Presentations (continued)***SESSION 9. Young Researcher in Life Sciences & Lyophilization***

11:15 - 11:30 *PhD STUDENT 1*

11:35 - 11:50 *PhD STUDENT 2*

11:55 - 12:10 *PhD STUDENT 3*

12:15 - 12:30 *PhD STUDENT 4*

12:35 - 12:50 *PhD STUDENT 5*

12:55 -13:10 Kevin Tebrinke & Jos Corver.

VERY IMPORTANT NOTE: It is the intention of ISL-FD to maximize the possibility to learn, share, and impart knowledge on freeze drying through the Society's meetings, therefore, the ISL-FD can possibly offer financial support for those who may be eligible for a fee reduction based on need. So please, consult us for a possible reduction at: islfd.inc@gmail.com

You can pay by wire transfer or credit card, but please fill the registration form on: <http://islyophilization.org/>
For payment details please contact Zhongping Huang: zphuang@hotmail.com

SPONSORS

The ISL-FD is inviting potential sponsors to contribute with our 9th International Conference on Lyophilization and Freeze Drying to be celebrated in **Ghent, Belgium on 2-6 September, 2019**. Sponsors may contribute in many ways; however, those who make relevant contributions will get special benefits from the conference. The Organizing Committee will include the logo of every Sponsor in our publications concerning the Conference.

SPONSOR BENEFITS

Supporting partner: € 5,000:

- ✓ Promotion on Conference brochure as Supporting Partner.
- ✓ 1 free registration for Conference.

Silver Sponsor: € 10,000:

- ✓ Promotion on Conference brochure as Silver Sponsor.
- ✓ 1 free registration for Conference and 50% discount for Registered Staff.
- ✓ 1 free stand in the exhibition hall.

Gold Sponsor: € 20,000:

- ✓ Promotion on Conference brochure as Gold Sponsor.
- ✓ 1 free registration for Conference and 50% discount for Registered Staff.
- ✓ 1 free stand in the exhibition hall.
- ✓ 1 oral presentation of 30 min in Conference + free registration of the speaker.
- ✓ A copy of full list of attendees to Conference.
